SENIORS OF 1968

The goal which was set long ago for each of you is about to be reached. Graduation is within your grasp. A feeling of accomplishment should be yours as you complete the work for which you will soon be rewarded.

The realization of this achievement is tempered by a sense of responsibility which soon will be assumed by you as individuals.

The ultimate goal which each Senior has set for himself still lies ahead. Success in attaining this goal rests in your hands. All worth while things are attained only through effort - constant and determined. A worth while and successful life means different things to different people. What constitutes success for one constitutes failure for the other. This is a hard and fast rule. The pattern which your life takes will be set each day as you live it.

The years spent here should have prepared you to walk forward with the necessary constancy and determination.

It is my hope that each of you will be a great force for positive good for everyone and everything.

Then, will it not be evident that your school will have fulfilled her purpose and her mission.

Costa Rica

A.F.S. Student

Very dear friends,

Last year, I arrived to the U.S.A. on a beautiful August afternoon, the place was nice and the people seemed nice and friendly.

This was my very first impression of the American life. But the time has gone by and the people that I met first have become close friends.

West Genesee School, what a huge school; in which hall I got lost so many times in my first day over here. But always nice to my sight because of the friendly faces of teachers and students that attended to the school giving life and happiness to it.

But above all, I want to thank my wonderful family and all the people that have made this year the most fabulous of my whole life.

I will never forget the teachers who have been so patient about my person at all times.

I'll be leaving after the spring, but I will take with me the memories of you people, that have shown me a different way of life; fast and happy.

I will assure you that the good relation between your country and Costa Rica will increase, and that is a promise to a great people.

Thanks again for a terrific experience.

Sincerely,
Al

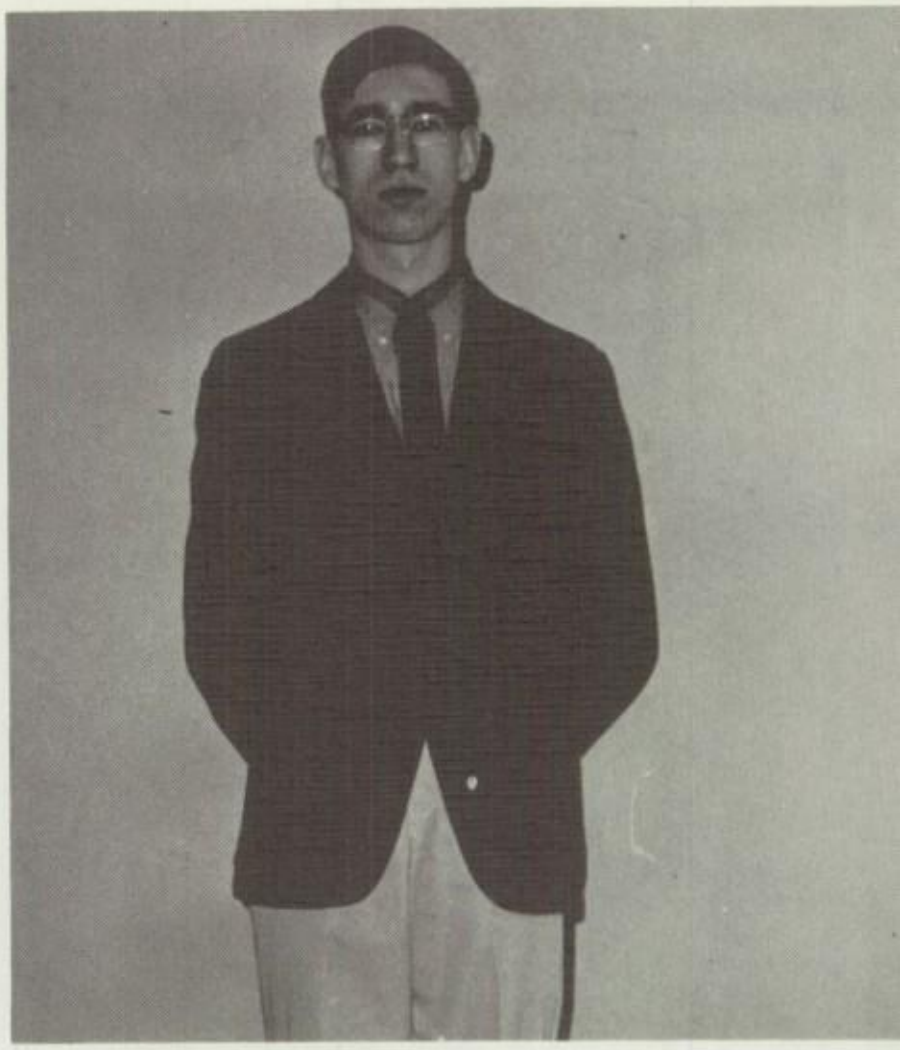
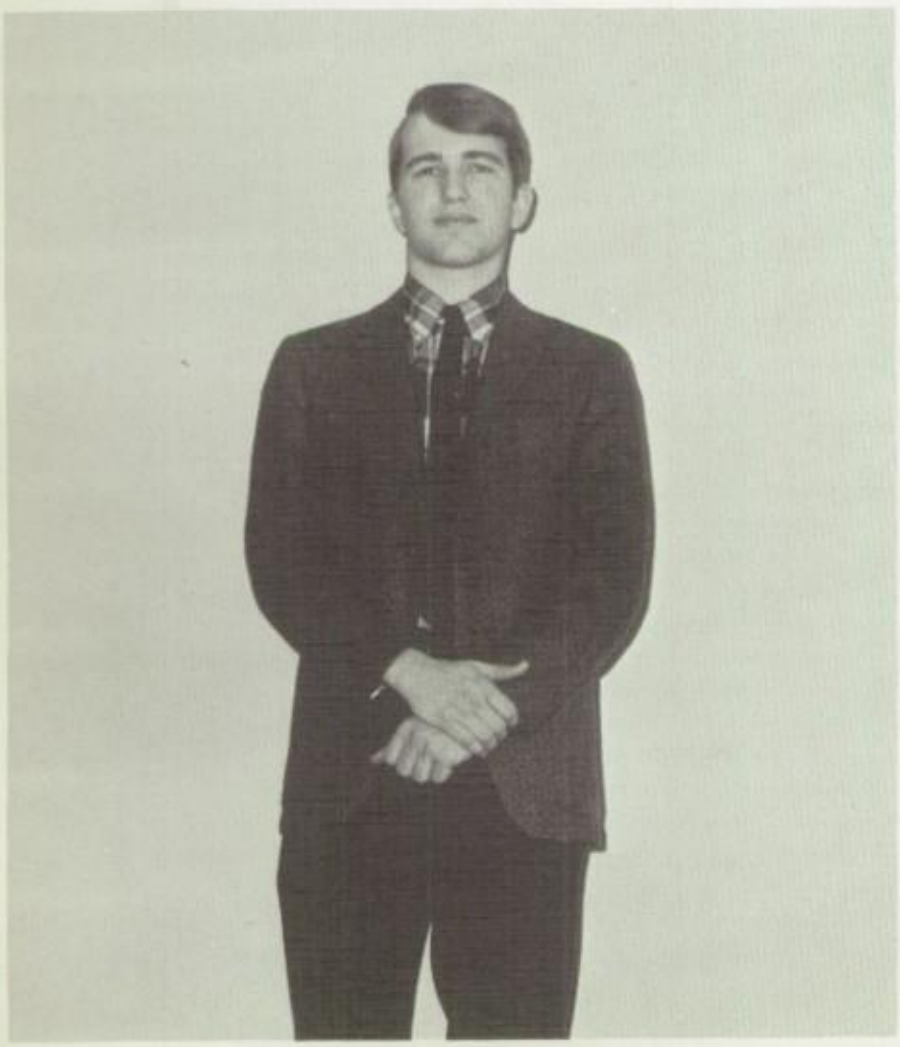
NATIONAL MERIT SCHOLARSHIP FINALISTS

DOUGLAS ANDERSON



ALAN HOLMES



JOHN PLACE

The purposes of the National Merit Scholarship Program remain unchanged: to identify, recognize, and encourage talented students in a way that draws public attention to the individual and to the rational importance of intellectual attainment. It must be realized that the Finalists constitute less than two percent of the nation's graduating high school seniors. We, at West Genesee, are extremely proud to have among the Class of 1968, four such students.

YEARBOOK EDITOR

As Editor of the 1968 Genesean, I would like to thank everyone who contributed to it. My thanks to Mr. Morton for his able assistance and to the staff, who worked together as a team to make the yearbook the best that was possible. I hope that the Genesean will hold many fond memories of this year for everyone at West Genesee.

Pat Gorman

A NOTE OF THANKS

Mr. Tyszka:

There aren't words to express our appreciation for all that you have done for us. The hours sacrificed in our behalf have not gone unnoticed. Without your guidance and counsel we, the Senior Class, would never have known the pleasant experience that we are bound to remember for years to come. We sincerely hope the Class of 1969 will also enjoy the memorable moments we have shared.

Mr. Morton:

We would like to thank you for the help you gave the Genesean staff in preparing the yearbook. The time that you spent taking and developing pictures for the yearbook is more than could be expected. We will be ever grateful to you.

Toni - a dear friend, (give me a break!)

Ya know these four years have really flown by - seems just like yesterday when I was a freshman. 10th grade - when we had English together - was really great. I remember the first day in that class. I remember Debbie Shew sitting so quietly - & you always talking! You didn't ever shut up. Ya know I thought you were Hawaiian when I first saw you - I was kind of stupid then. Probably if you had never pledged - we wouldn't have gotten to be such good friends. Then you were better friends with "Dana" than with me. It's weird how things work out. Too bad "Dana" had to blow her mind. She used to be such a sweet girl, lot of fun. But now - she's a stick in the mud, - mushroom Sounds awful mean to say something like that but it is the truth. Makes me feel sorry for her, but then she's the one doing it to herself. Anyway, it's her life.

I hope our friendship will continue for many years to come. I sure it will cause we never seem to really fight. Anyhow - when I see you get mad I can't help from laughing.

I don't believe it Toni - Memorial Weekend your bed didn't cave in. What did you do - lose some weight? (only kidding, of course - how's your diet coming along?) I really enjoyed being at your house that weekend. I wouldn't want any boogie men get you.

Well - I ~~hope~~ wish all your all the happiness in the world. Just don't let too many ~~guys~~ guys kiss you! God Bless ya - Love, Cathy

to be continued

the - here I am again - summer's over - and school's about to start. I hope you don't let anyone read what I have written in here - I don't want anyone to get the wrong impression of me. I don't believe how fast time goes by - before ya know it we'll be married and have fifteen million kids - well I'm not too sure about you you have to do more than kiss a guy ya know.

I hope your tonsils get well. Maybe if you get them out you can sing better HA HA! - that's a joke - Maybe voice lessons will help - pity those poor sophomores who have to listen to you carry on.
